Dear Judge Mollway,

This is my Liana Shanti story. My Name is D I live in North Carolina and I share a 5 year old daughter with J or what she now goes by "A B ", a name given to her by her teacher Liana Shanti. I became aware of Liana in 2017 when J was pregnant with our daughter as this is when J started to really get into her teachings and her paid classes. I bought a house for us in 2017 and in 2020 J moved out. I am going to bullet point things I witnessed and experienced as follows.

- Liana sent J S P , a cactus with psychoactive properties, to ingest, and guided her throughout the day in what was some kind of healing exercise.
- J was urged by Liana to cut ties with her friends and family including myself, as everyone is a narc and part of the collective which is vibrating at a lower frequency. She cut off her mother and father because she believes that they sexually abused her from the age of two. One story told to her by Liana was that they locked her in a cage and forced her to have sex with another toddler. Her parents aren't allowed access to their granddaughter.
- Liana painted an ugly picture of me despite not knowing me, said I am a narc and even said that I watched porn 17 times a day. All of this is untrue.
- At one point she was going to move out and live with her business partner and friend at the time. The day before the move she asked me if she could stay and she canceled her move. Liana told J that this friends kid had a demon in him.
- J had a dream that our daughter was molested. Our daughter was around 1 at the time. She brought this up to Liana and Liana told her that she was in fact molested, and that it was bad. J feared it could have been her son, myself or her ex husband. She literally asked her 6 year old son if he had touched his little sister. After a few days she asked Liana if it was her business partner and Liana confirmed that it was and that her and her daughter who was I believe 12 at the time, had molested our daughter. J then handed the business over to her and cut ties.

- J has spent thousands of dollars on all of Liana's programs including her HMI school, and personal calls. She was given financial advice from Liana as well.
- J would call Liana to have her diagnose health issues over the phone. This was used for our daughter and herself.
- In December of 2021 I received a call late on a Monday, she said " I don't know how to say this... we are in Texas. " After I asked where in Texas she hung up. She moved 1200 miles away to Texas with our daughter behind my back with the urging of Liana. For weeks I tried to make contact with her and ask questions with her only speaking to me a couple of times and for very brief periods. She wouldn't give me any information. I asked her if I would ever see my daughter again and she would not answer this. Liana has told her followers that there are only a few places safe to live. Texas and Florida being two of those places. I think she says Montana as well but I can not be sure. This was resolved rather quickly as I hired a lawyer and was granted an emergency custody order which I was then able to fly to Texas and retrieve my daughter. J returned to North Carolina just 2 weeks later where she currently lives. This was the most traumatic thing I have ever had to deal with.
- J started her own business after completing Liana's HMI school, but has to pay a fee to Liana for every client she coaches and every product she sells. This is a multi level marketing scheme led by Liana. It also makes it harder for these women to leave Liana when the way they make their money is tied to Liana.
- All of this behavior is directly related to Liana. J goes to Liana about everything. Liana is controlling and manipulative.
- My daughter is now listening to Liana and I am extremely worried.
